

DINNER TO BUILD SCHOOLS IN HONDURAS

June 24th 6:00pm @ McMillen Hall

Join us for a special evening to help us build schools in Honduras!

Our High School mission team started the foundation for a new High School in Villa Soleada, and a group of college students, including Avonlee Janik, are going back in August to continue working on it. Come hear the kids and college students talk about their experiences and help support Students Helping Honduras all while enjoying an authentic Honduran meal. Our youth group will be going back in 2021 if you would like to come and hear more information from Student Helping Honduras founder and CNN Hero Shin Fujiyama!

\$20 suggested donation
